Division Description

The General Boards consist of the Commission on Hispanic Affairs and the Board of Examiners and are self-governing entities that are non-regulatory in nature.

The Commission on Hispanic Affairs provides services to the Hispanic community and serves as a liaison between the community and government entities. Working toward economic, educational, and social equality, the commission addresses issues facing Idaho's Hispanic community, developing solutions and providing recommendations to the Governor, Legislature, and other organizations.

The commission's Substance Abuse Program recruits and monitors Hispanic college students pursuing careers in substance abuse counseling.

The commission's substance abuse prevention liaison acts as a liaison between the Commission on Hispanic Affairs, school districts and the Hispanic community, as these groups seek to better serve Hispanic children through the State Department of Education's Safe and Drug Free Schools and Communities Program. This collaboration strengthens the services being offered to Hispanic students, families and communities by the school districts.

The Board of Examiners is established by Article IV, Section 18 of the Idaho Constitution, and includes the Governor, Secretary of State, and Attorney General, with the State Controller serving as a non-voting Secretary of the Board. Claims against the state are recorded by the State Controller and audited by the Legislature. The board examines the audited claims, except those dealing with salaries or compensation of officers, and performs other duties as prescribed in Section 67-2001-2028, Idaho Code.

The Board of Examiners will continue to review and approve audited sheriff's claims, however under Section 31-2219, Idaho Code, the Department of Corrections will now be responsible for paying these claims, therefore the Board of Examiners has made no budget request for 2010.
